# Weaving the Web Workshop

## Weaving the Web throughout Instruction

2-Day Workshop Available

*Choose: Science, Math, Social Studies or Language Arts*

Participants will spend their time on a journey of resource discovery as they build a web of Internet based curriculum specific resources to enhance and improve the learning environment in their classroom. Participants will learn how to effectively search, review and incorporate Internet resources into their curriculum. Instructors will model various classroom management strategies specific to using the technology and the Web in instruction. Teachers leave this **2-day** session with customized Web based classroom resources that are specific to the content they are teaching and can be used the very next day!

### **Instructional components include:**

- Hands on computer usage
- Exploration of Web Resources
- Internet searching strategies
- Web site evaluation
- Literature Review

### **Software Used:**

- Web Browser
- MS Word or AppleWorks

### **Web Software**

- TrackStar, QuizStar & RubiStar
